Evaluate prospects for strong or weak fit

Ask yourself these five questions as you review each prospect:

- 1. Do I meet this funder's requirements?
- 2. Is my mission or project's goal a priority for this funder?
- 3. How big are the grants?
- 4. Does this funder support organizations like mine?
- 5. Do I know anybody associated with this funder?

Customizing a request for a particular funder

Candid.

What specific need are you addressing?

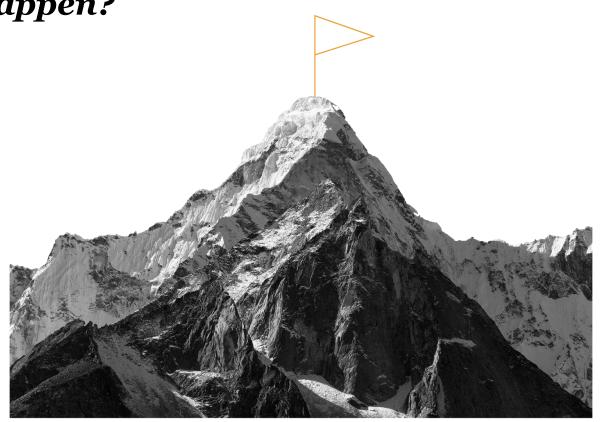

- Is that need named by the funder?
- Do they use other words for it?
- What elements do you address?

Candid.

What are you trying to achieve?

• What does the funder *want* to happen?

What are your strategies for making it happen?

- What **role** can the funder play in this?
- Do they emphasize collaboration?
- What do they **NOT** support?

How do you know if you're successful?

• *How does the funder define success?*

Why are you the best organization to do this work?

- Do you have a relationship with this funder already?
- How well do they know you?

Candid.

How will the project sustain itself in the long run?

- Who else is supporting you?
- How does the funder fit in with your fundraising plan?

Conclusion

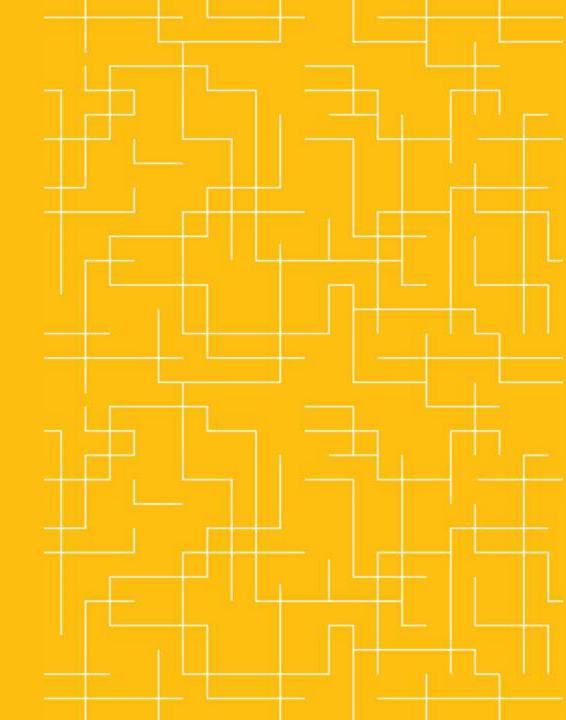

• Anything else to mention about your relationship to the funder?

Sample Basic LOI and Sample Customized LOI

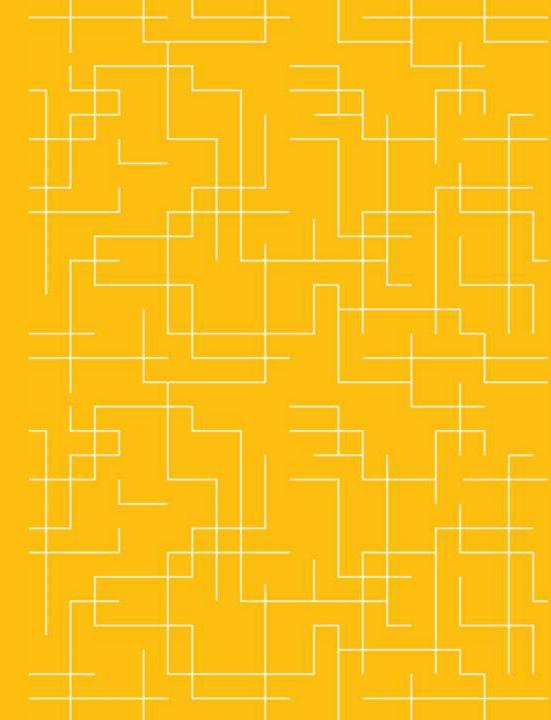

Breakouts

How did this grantseeker customize the request to this funder?

Discussion

- What were some differences you noticed from the general LOI vs. the targeted one?
- Put your self in the funder's role which would you rather receive and why?
